*This year the town income tax statistics were compiled in a different manner. In the past we used legal residence, if shown on the return, to identify a taxpayer's town of residence. If the legal residence was not filled in, the mailing address was used. This year in an effort to improve the accuracy of these statistics we have used the school district code as the town of residence indicator. Where the town and school district are not identical we used a combination of the two methods. In addition, several villages that were listed separately are now included in their town totals. For example, White River Junction is no longer listed but is included in Hartford's statistics.
